

11/14/24

Designer: Shawn Hao

Creative Director: Madison Wang

- Main thing is to fix the margins and spacing of everything (text and images)
- If you have time maybe think of/find illustrations for the side margins
- New typeface is really good, just standardize across pages
- Add borders to the images
- Finish the grid in textures of sushi page
- Overall looks really good, especially the addition of the forward and back buttons at the bottom!
